WHAT TO WEAR & BRING WITH YOU

What to wear

It is important to wear a 'layering system' of clothing as follows:

- Base layer - long-sleeved T-shirt
- Mid layer – fleece
- Outer shell - waterproof/breathable coat and over-trousers
- *plus* trousers, hat and gloves

Wear clothing that is made from synthetic fibres, which are quick drying and help 'wick' moisture away from your skin. Do NOT wear cotton (especially jeans) as cotton soaks up moisture.

PARTICIPANTS LIST

We need to know a little about each of the participants taking part.

Please note:

Part of the attraction of hill-walking is the challenge of tackling different terrains, landscapes and weather conditions. Every effort is made to minimize potential hazards, however, the very nature of hill-walking involves a certain level of unavoidable risk. No previous hill-walking experience is required and walks are 'pitched' according to the experience and average fitness levels of the group. However, a basic level of fitness and mobility is required as hill-walking can be demanding at times, with steep ground and rough terrain in places. We may also encounter adverse weather conditions whilst on the walk.

Medical conditions:

Please list any pre-existing medical condition that may affect your participation in this activity. Please ensure that you bring any medication that you may need with you on the walk. If you suffer from a pre-existing medical condition that may make it unsafe for you to take part in this activity, then it may be necessary to seek advice from your GP. All information will be treated in confidence.

- Mark Reid (Walk Leader) accepts no responsibility for personal accidents or injury or for loss or damage to personal effects unless caused by his negligence as Walk Leader.
